

COLUMNS

ELEMENTS

COLUMNS:

HB non-structural premium cellular PVC columns are ideal for wrapping load-bearing wood, steel, or masonry columns in both interior and exterior applications.

HB's column product line is composed of an outstanding array of standard styles, capitals, astragals and bases.

Column Styles

- Lucea - smooth box column
- Negril - chamfered column
- Kingston - chamfered column with notch
- Ochos Rios - recessed panel column
- Montego Bay - tapered column

Each of these styles can be paired with a pedestal adding dimension and detail.

Pedestal Styles

- Lucea
- Negril
- Ochos Rios

Our columns are shipped partially assembled with one side open or "hinged" for trouble-free installation. Column capital, astragal and base trims are also shipped with 3 sides assembled.

Our columns are manufactured with a standard 3/4" wall thickness resulting in a stronger more durable column than the industry standard 1/2" wall thickness provides.

We can match most custom specifications you may have or we can design an architecturally correct custom column

Column Size Chart

Wall Thickness	Outside Dimensions	Height						
		5'	6'	7'	8'	9'	10'	11'
3/4"	6"	•	•	•	•	•	•	•
3/4"	7"	•	•	•	•	•	•	•
3/4"	8"	•	•	•	•	•	•	•
3/4"	9"	•	•	•	•	•	•	•
3/4"	10"	•	•	•	•	•	•	•
3/4"	11"	•	•	•	•	•	•	•
3/4"	12"	•	•	•	•	•	•	•
