## PERGOLAS / TRELLISES:

HB pergolas and trellises can be used to create new outdoor living areas or enhance existing ones.

Pergolas and trellises come in several configurations

- Beams and rafters supported by columns
- Beams and rafters supported by structural wall mounted columns
- Purlins can also be added above rafters

Beams and rafters can be profiled on one end, both ends or not at all. Our rafters and beams can span up to 20'. HB Pergola and Trellis components are available unprimed, primed or with a factory applied high end finish. They are also available in a factory applied woodgrain finish available in several different stain selections.
